### **Tiny house Athens**

How could tiny small Athens win a war against mighty Atlantis? Who attacked and who defended? In Plato's story it seems as if Atlantis attacked while Athens was the defender. In previous postings I wrote that everything in the Atlantis story was mirrored. The Gods of Atlantis were well known in the Bible. Poseidon was the Philistine god Dagon (Judges 16) while Athena was Astarte, the goddess of the Canaanites (1 Kings 11:5). Heracles was the god of Tyrus who was named Melqart. The downfall of Tyrus by Alexander the Great as foretold in Ezekiel 26-28 was a shadow of the downfall of Endtimes Babylon in Revelation 17-18. Atlantis is an Endtimes event and not something of a remote past.

Alexander the Great was foretold in Daniel 8:21. The leopardess in Daniel 7:6 was Greece that conquered the Middle-East as far as India. In Revelation 13:2 this leopardess shows up again. We have to conclude that Greece will rise from the ashes. At this moment Greece was humiliated by EU austerities and lies death on the bottom of the financial ocean. Nevertheless the book of Revelation teaches us that Greece will rise again and will be the coming world power. A new Alexander will rise and conquer Babylon. This sounds as Plato's Atlantis story but mirrored in time and place. While in Plato's story, Atlantis was the aggressor and Athens was the defending power, in the Bible it is the other way around. Greece will be the aggressor.

*This means that the coming Alexander aka king Atlas of Atlantis is in reality a Greek king who will take his seat in Babylon and Jerusalem aka Atlantis.*

He will bring his statue in the temple in Jerusalem (Matthew 24:15). As there was Poseidon's statue in the temple on Atlantis. Atlas was a Greek king and took his seat on Atlantis before the island sunk into the sea due to a huge earthquake (Critias 108 versus Revelation 16:18). In Daniel 7:7 and Psalm 83 the ten horns are the ten kings of the Greek empire in the Middle-East. They are the ten kings of Atlantis. The coming Alexander is one of them. He is very likely the antichrist.
