

## An Introduction of a New Number Vadim V Nazarenko

**प** (poorna / purna / पूर्ण) - is a number and the numerical digit.

The place of poorna and zero in the numerical sequence:

$$\mathbf{0}][1/\infty \leftarrow 1 \rightarrow \infty / 1][\mathbf{प}$$

**प** could be defined by the following rules:

$$\mathbf{प} \times \mathbf{0} = \mathbf{0}$$

$$\mathbf{प} \div \mathbf{0} = \mathbf{प}$$

$$\mathbf{0} \div \mathbf{प} = \mathbf{0}$$

$$\mathbf{प} + \mathbf{0} = \mathbf{प}$$

$$\mathbf{प} - \mathbf{0} = \mathbf{प}$$

$$a \div \mathbf{0} = \mathbf{प}$$

$$a \div \mathbf{प} = \mathbf{0}$$
