Abstract

In this research manuscript, the author has detailed some Insights on ‘*NP Versus P Problem*’ that is Synonymous with ‘*Schroedinger’s Cat In A Box Problem*’.

Theory

The famous ‘*Schroedinger’s Cat In A Box Problem*’ is a *Problem of Exactly Telling* in which *Compartment* of the *Two Compartment Box* is the *Schroedinger’s Cat* among the *Two Compartments* at any given time of such ‘*Telling*’. This *Problem* can also be *Likened* to the *NP Versus P Problem* because of its nature.

This question can be answered using author’s *Primality Engineering Technology*.

Firstly, we *Evaluate* the *Primality* and/ or *Hyper-Primality* {of all *Three Types, Verbal Primality, Act(ion) Recursion Primality, Sense Understanding* and/ or *Perception Primality*} of the *Question in Detail* including the *Time Causality Stamp*, i.e., *Time, Day, Date-Details, Location, Star-Date*, inclusive of *When* (and *Where*) the *Cat* was kept in the *Box*, etc. We now create *Infinity Geodesic’s* of *Desired Event Set* using the *Primality of the Question in Essence* and we keep creating them to *Exhaustion* as detailed in author’s ‘*Knowing The Infinitely Deeper Meaning*’ {see References for this}. Now from this, we can know the *Probability* of the *Desired Event of Concern*. If the *Confidence of Probability*, we get is *Not Enough*, we *Evolve* {using author’s *Evolution Technologies*, see References for this} our *Primality in Question to a Level*, when we get our *Probability at Desired Confidence Level*.

{For more on this, see author’s work on ‘*NP Versus P Problem*’}

Moral

Love Feels.

Acknowledgements

The author would like to express his deepest gratitude to all the members of his loving family, respectable teachers, en-dear-able friends, inspiring Social Figures, highly esteemed Professors, reverence deserving Deities that have deeply contributed in the formation of the necessary scientific temperament and the social and personal

outlook of the author that has resulted in the conception, preparation and authoring of this research manuscript document.

Tribute

The author pays his sincere tribute to all those dedicated and sincere folk of academia, industry and elsewhere who have sacrificed a lot of their structured leisure time and have painstakingly authored treatises on Science, Engineering, Mathematics, Art and Philosophy covering all the developments from time immemorial until then, in their supreme works. It is standing on such treasure of foundation of knowledge, aided with an iota of personal god-gifted creativity that the author bases his foray of wild excursions into the understanding of natural phenomenon and forms new premises and scientifically surmises plausible laws. The author strongly reiterates his sense of gratitude and infinite indebtedness to all such 'Philosophical Statesmen' that are evergreen personal librarians of Science, Art, Mathematics and Philosophy.
