NOTICE OF IMPORTANCE

The author reiterates that the following research manuscript is authored solely by the author Ramesh Chandra Bagadi, i.e., the Sole Consciousness of himself in Primaryness and all else in appropriate Polynaryness called for by the Causality Flow of Time considered in Universality. One can note that All Causal Constructs (either in Evolved Or Devolved Forms of the research concepts stated by the author herein) of this author’s Original ResearchWork shall only be considered by the author in Secondariness Or/ And Polynaryness, only following the author as the necessary and socially advantageous and useful Retinue. The aforementioned Causal Constructs imply to the case of Time Tense Flow in either Directions, i.e., Present to the Past and also Past (Or/ And Present) to the Future.
Prime Metric Basic Change Theorem

1. Firstly, we should know from authors [1] that any number \( x \in \mathbb{R} \) can be written as \( N + (j + k) \) where \( (j, k) \in \text{Positive Integers} \( \mathbb{Z}^+ \) and \( (0 < j, k) \). Also, from [1], we can know that \( x \) can also be written as \( (N + k)j \) where \( (N, k) \in \text{Positive Integers} \( \mathbb{Z}^+ \) and \( (0 < k) \).

Since the first representation is much easier to use as we have the list of any integral order sequence of primes from authors [3], we will use this notation henceforth.

2. Furthermore, again, we can note that \( \frac{N}{j} \) can also be written as \( \frac{N}{j} + (j + k) \) where \( (N, j, k) \in \text{Positive Integers} \( \mathbb{Z}^+ \) and \( (0 < j, k) \). Also, we can note that \( \frac{N}{j} \) can be further written as \( \left( \frac{N}{j} \right) - \left( \frac{N}{j} \right)_k \) which can be proved using an Illustration as detailed below:

**Ex:** The first seven Elements of the 3rd Order Universal Sequence

<table>
<thead>
<tr>
<th>Prime Basis</th>
<th>3</th>
<th>5</th>
<th>7</th>
</tr>
</thead>
<tbody>
<tr>
<td>Primes being</td>
<td>2</td>
<td>2</td>
<td>2</td>
</tr>
<tr>
<td>3</td>
<td>6</td>
<td>10</td>
<td>14</td>
</tr>
<tr>
<td>2</td>
<td>2</td>
<td>2</td>
<td></td>
</tr>
</tbody>
</table>

Factor \( 2 \times 3 \)

We can now note that \( 3 \times 2 = 6 \) and \( 14 = 2 \times 7 = 2 \times 3 \times 7 \).

The author reiterates that the following research manuscript is authored solely by the author **Ramesh Chandra Bagadi**, i.e., the Sole Consciousness of himself in Primaryness and all else in appropriate Polynaryness called for by the Causality Flow of Time considered in Universality. One can note that All Causal Constructs (either in Evolved Or Devolved Forms of the research concepts stated by the author herein) of this author’s Original Research Work shall only be considered by the author in Secondaryness Or/And Polynaryness, only following the author as the necessary and socially advantageous and useful Retinue. The aforementioned Causal Constructs imply to the case of Time Tense Flow in either Directions; i.e., Present to the Past and also Past (Or/And Present) to the Future.

Inspiring Social Figures, Highly Esteemed Professors, Reverence Deserving Deities that have deeply contributed in the formation of the necessary scientific temperament and the social and personal outlook of the author that has resulted in the conception, preparation and authoring of this research manuscript document.

Tribute

The author pays his sincere tribute to all those dedicated and sincere folk of academia, industry and elsewhere who have sacrificed a lot of their structured leisure time and have painstakingly authored treatises on Science, Engineering, Mathematics, Art and Philosophy covering all the developments from time immemorial until then, in their supreme works. It is standing on such treasure of foundation of knowledge, aided with an iota of personal god-gifted creativity that the author bases his foray of wild excursions into the understanding of natural phenomenon and forms new premises and scientifically surmises plausible laws. The author strongly reiterates his sense of gratitude and infinite indebtedness to all such ‘Philosophical Statesmen’ that are evergreen personal librarians of Science, Art, Mathematics and Philosophy.
