**Theoretical Science is speculative. It always has been. It always will be. Maybe it approximates the Physical Reality. Maybe it is a pseudo-scientific superstitious myth. As Thomas Huxley famously said, “The tragedy of Science is the slaying of a Beautiful Theory by an Ugly Fact.”**

**This author (John Roach) proposes that the modern theoretical scientific speculations are groundless myths. Astronomy, Astrophysics, Cosmology, Relativity, the Standard Model of Quantum Physics & Evolutionary Biology are myths.**

**These myths have formed a CULT MENTALITY. This CULT MENTALITY has formed a WORLDVIEW. Any WORLDVIEW is protected & maintained by MENTAL DEFENSE MECHANISMS.**

**(Ask any Mental Health Professional.)**

**The CULT MENTALITY is demonstrated by the current PSEUDO-SCIENTIFIC SUPERSTITIOUS MYTHOLOGY that passes for scientific knowledge.**

**(Ask any Cultural Anthropologist.)**

**This current MYTHOLOGY has “Disciples” & “High Priests” who perpetuate the CULT MENTALITY.**

**Alphabetically, an incomplete list of former “High Priests”:**

**Neils Bohr**  
**The Copenhagen Group of Quantum Theorists**  
**Nicolaus Copernicus**  
**Charles Darwin**  
**Albert Einstein & The Relativists**  
**Aleksandr Friedmann**  
**George Gamow Et al.**  
**Edwin Hubble**  
**Johann Kepler**  
**Joseph Larmor**  
**Georges Lemaitre**  
**Hendrik Lorentz**  
**Sir Isaac Newton**  
**Henri Poincare**  
**Harlow Shapely**  
**Vesto Slipher**

**The collective CULT MENTALITY functions as a “virtual” mass consciousness. It is the ZEITGEIST – The “Group-Think.”**

**It is the individual lemming leaping off a cliff to drown in the ocean below. It is the mass delusion which clothes the Naked Emperor parading before their “seeing” eyes. It is the voice of the Wizard of Oz saying, “pay no attention to the man behind the curtain.**

**I AM THE GREAT & POWERFUL OZ!”**

**Whoever “believes” in the theoretical speculations of Professional Scientists is a DISCIPLE of this PSEUDO-SCIENTIFIC SUPERSTITIOUS MYTHOLOGY.**

**But, there is hope. It is called “de-programming.” De-programming is simple.**

**First, develop a HEALTHY SKEPTICISM. Then, maintain a CURIOUS MIND. Allow your HEALTHY SKEPTICISM & CURIOUS MIND to work together. Finally, have the AUDACITY TO ASK EMBARRASSING QUESTIONS.**

**Thank you for reading this, a first installment of CLUELESS IN PARADISE.**
