original make prime number building method

Toshiro Takami

Abstract]

found out my original make prime number built method.

$n+7$ (n is positive integer, including 0).

$n+17$ (n is positive integer, including 0).

prime has a period of 30. We focused on that point and developed it.

However, those that are not prime are also quite included.

Discussion]

$n+7$ (n is positive integer, including 0).
