## **Abstract**

In this research manuscript, the author has wishes to enlighten the readers regarding ‘*Universal Light Type Holistic Reference Frames For Characterizing Universal Electro-Magnetic Phenomena*’.

## **Theory**

In this research manuscript, the author has wishes to enlighten the readers regarding ‘*Universal Light Type Holistic Reference Frames For Characterizing Universal Electro-Magnetic Phenomena*’.

Firstly, by *Universal Electro-Magnetic Phenomena*, we mean *Electro-Magnetic Phenomena* that *Transcends Space and Time*. That is, we refer to analysis of *Electro-Magnetic Phenomena* that has already *Occurred* in the *Past*, that is *Occurring* in the *Present* and that is *Quantum Existentially Pertaining* to (sans the *Perception Concretization Aspect* for now, which we will detail in detail later on) the *Near* (the definition of *Near* depends on the *Least Count* of *Technological Suaveness* and/ or *Finesse* available to us in *Characterizing the Delta of Future* considered with respect to the *Present*).

For our analysis, we also need a *Light Type Reference Frames* as discussed in author’s *Relativistic Transformations In Standard Prime Metric And/ Or Reverse Prime Metric Within Some Selected Domains Of Complementable Bounds* [32], only that we consider a *Special Universal Gauge Co-ordinate* (we can *Set Unitary Functional Equivalence* of this *Gauge Co-ordinate* to the *Exclusive Time-Co-ordinate* which we use and/ or refer to for our *Sense Understanding Purposes* along the *Flow of Time*, in a *Local Sense*) that *Transcends* through *Time*, as a *Possible Helical Co-ordinate*, (see author’s work on *Model On Time As A Helical Bangle Function*) as we consider *Time-Function* as a *Helix* with *varying Pitch*, i.e., governed by an *Inherent Pitch Function*.

Also, for all our purposes, we elevate our *Electro-Magnetic Wave* of concern to that of an *Electro-Magneto-Gravitic Wave*. That is, we consider incorporating the aspect of *Gravity Wave* within the *Electro-Magnetic Wave* of concern. For understanding the notion of *Gravity* see author’s work on ‘*Your Good Nature Is Your Real Wealth*’ [33].

### *Time-Scaling Technique*

For the creation of *Local Potential Well* (with respect to *Local Time*), we resort to using author's '*A Condition For The Suspension Of Gravitational Field*' [11]. However, if the *Time Delta* to be covered is *Very Large*, we can resort to using the *Technique* detailed in point {2} on Page {3} of [41], i.e., expressing the *Desired Time Delta* in the '*Basis*' of the *Complement Aspect of Desired Time Delta Recursively* pertaining to/ in the *Complementary Arm* of the *Infinity Geodesic* of the *Local Time Scaling Phenomena Technique Recursion Scheme*.

### *Self-Organization*

One can incorporate *Any Desired Level* of *Self-Organization* into *Any Recursion Scheme*, by incorporating the *Recursion Scheme* of '*Life-Primality*' (see author's work on '*Musical Life {Version II}*' [19], '*The Universal Wave Function Of The Universe {Verbose Form}*' [17] and '*On The Resilient Nature Of Light*' (upcoming work of the author). Such Incorporations can be designed by *Quantum Averaging* (see author's work on '*Quantum Averaging To The Level Of Achieving Inclusiveness*') a *Specific Number* of times, the *Number* being a *Deterministic Variable* governed by the design requirements.

### *Remote Drive System (Directed Self-Organization)*

Using author's work on '*Remote Tagging*', we can locate our '*Conscient Invasive System*' and using simple '*Universal Electro-Magneto-Gravitic Wave Control Engineering*' (see author's *Treatise* on this) one can achieve any type of *Desired Directedness*, i.e., *Remote Drive Ability*.

### *Universal Communication Technologies*

(See author's *Treatise* on the same)

### *Universal Charge Function Based Characterization System*

(See author's *Treatise* on the same)

### *Universal Computing System*

See author's *Treatise on 'Universal Computing System'* and '*Universal Aspect Grader*' designed using '*Universal Linearization Rendering Scheme*' which helps one achieve *Optimization Of Any Technology by Optimal Computation*.

*Universal Perception Operator (Universal Vision Tunneler)*

(see author's *Treatise on this*)

*Universal Permittivity Handler*

(see author's *Treatise on this*)

*Universal Electro-Magneto-Gravitic Wave Function Design In The Basis Of The Universal Aspect Recursion Scheme*

Using author's '*Time Evolution Juxtaposition Of The Observables Based Dirac Type Commutator And The Consequential Wave Equation Of Photon*' [12] inclusive of the *Modified Version* of [12] that involves the same in *Bi-Directional Prime Metric Basis* (see author's work on this and also '*R<sup>th</sup> Order Space Sequence Of Primes Based Prime Metric Algebra*' [29]), we build the *Universal Electro-Magneto-Gravitic Wave Function in the 'Basis'* of '*Universal Aspect Recursion Scheme {Version 2}*' incorporating the aforementioned *Self-Organization, Time-Scaling Technique, Remote Drive System, Universal Charge Function Based Characterization System, Universal Communication Technologies, Universal Computing System, Universal Perception Operator* and other necessary accessories.

*Universal Recursion Scheme Evolver and/ Or Rigger and/ or Hyper-Refiner*

One can achieve *Refinement* of any *Recursion Scheme* (here of our *Universal Electro-Magneto-Gravitic Wave Function*) to a *Hyper Degree* by using author's '*Pi*', i.e.,  $\pi$  i.e.,  $\pi(2)$  *Value And/ Or Its Higher Order Equivalent* i.e.,  $\pi(N)$  *Precision Increase Based Refinement Of Any Primality And/ Or Any Recursion Scheme Of Any Aspect Of Concern*' and also by *Evolution* of the *Recursion Scheme* of concern appropriately using author's '*Theory Of Evolution Based On Consecutive Asymmetric Imaging Technique*' [39], '*Universal Aspect Recursion Scheme {Version 2}*' [35], '*Evolution Through Quantization (Version III)*' [30], '*Universal Recursive Tessellation Based Scheme To Derive The Evolution Scheme*

*Of Any Aspect Set Of Concern {Evolution Through Quantization (Version Two)}*' [28], '*R<sup>th</sup> Order Space Sequence Of Primes Based Prime Metric Algebra*' [29], ( see author's *Treatise on Universal Recursion Scheme Evolver and/ Or Rigger and/ or Hyper-Refiner*) [29]' to a Degree such that this *Electro-Magneto-Gravitic* can be an appropriate *Universal Light Type Reference Frame* for Gauging any *Electro-Magnetic Fringe Waves*. Furthermore, we need to consider *Elevation* of our *Universal Electro-Magneto-Gravitic Wave Function* to an appropriate state of *Permittivity* {see author's *Treatise on 'Universal Permittivity Handler'*} such that one can *Uniquely Detect* the *to be Gauged Electro-Magnetic Fringe Waves* of concern. To help us *Uniquely Detect* our *Electro-Magnetic Fringe Waves*, we use a specially engineered '*Universal Electro-Magneto-Gravitic Optical Lens*' (see author's *Treatise on 'Universal Vision Tunneler'*) that incorporates *Encryption Based Tagging* of the *Desired Parameter Aspects* pertaining to the *to be Gauged Electro-Magnetic Fringe Waves* of concern.

*Note*

***Acknowledgements***

*The author would like to express his deepest gratitude to all the members of his loving family, respectable teachers, en-dear-able friends, inspiring Social Figures, highly esteemed Professors, reverence deserving Deities that have deeply contributed in the formation of the necessary scientific temperament and the social and personal outlook of the author that has resulted in the conception, preparation and authoring of this research manuscript document.*

### **Tribute**

*The author pays his sincere tribute to all those dedicated and sincere folk of academia, industry and elsewhere who have sacrificed a lot of their structured leisure time and have painstakingly authored treatises on Science, Engineering, Mathematics, Art and Philosophy covering all the developments from time immemorial until then, in their supreme works. It is standing on such treasure of foundation of knowledge, aided with an iota of personal god-gifted creativity that the author bases his foray of wild excursions into the understanding of natural phenomenon and forms new premises and scientifically surmises plausible laws. The author strongly reiterates his sense of gratitude and infinite indebtedness to all such 'Philosophical Statesmen' that are evergreen personal librarians of Science, Art, Mathematics and Philosophy.*
