The Uncertainty of The Conscious Mind

One should note that one's Conscious Mind is the Last
 one of the ($\leq n$) Type constructs of the Sub-Conscious Mind
 via the 'Universal Wave Equation of The Universe' wherein
 the n Causal Constructs are the Recursively Relayed Constructs
 of the Sub-Conscious Mind as ordered by the 'Universal
 Wave Equation of The Universe' (new & updated Version
 coming soon) such that all these constructs inclusive
 of the Sub-Conscious Mind form one Geodesic, also an
 Infinity Geodesic (seek author for this special kind of stating).

Now for a given Conscious Mind C_1 , and its Sub-Conscious
 Mind being SC_1 , and when SC_2 is Chip-Switch-Hi-Ticked or
 Anantized, the Lack of the Ability of C_1 to satisfy Quantum
 Canonical Dualistic Existence over the aforementioned Geodesic
 because of aforementioned Anantization, C_1 evolves to a
 state C_{1E} whose First Universe In Parallel is C_1 , found in C_{1E}
 itself. Now, the difference of Primalties $\{C_{1E}\} - \{C_1\}$ can be
 considered as the Uncertainty of C_1 at First Order. One can
 consider repetition of this procedure continually & can find
 such Uncertainties & can make an Equi-Potential Geodesic

of the same, inclusive spanning many many orders, or to
 Exhaustion. From the above, we can also note that SC_2 or
 its Modified or/and Universes In Parallel, can hence naturally
 be found in $C_{1E} = C_2 + SC_2$ wherein $C_2 = (C_1 + \delta)$. From author's [1]
 one can note that SC_2, SC_3, \dots etc can be found in the Electrodynamic
 Psycho Handle of the Blend of the Nature of concern. C_2 is the Conscious R.L.
 equivalent of SC_2 .

Acknowledgements

The author would like to express his deepest gratitude to all the members of his Loving Family (especially my wife *Radha Boddepalli*, sisters *Vimala Chandrika Bagadi*, *Vasantha Lakshmi Bagadi*, mother *Damayanthi Paila* and Father *Ananda Rao Bagadi*), Respectable Teachers, En-Dear-Able Friends, Inspiring Social Figures, Highly Esteemed Professors, Reverence Deserving Deities that have deeply contributed in the formation of the necessary scientific temperament and the social and personal outlook of the author that has resulted in the conception, preparation and authoring of this research manuscript document.

Tribute

The author pays his sincere tribute to all those dedicated and sincere folk of academia, industry and elsewhere who have sacrificed a lot of their structured leisure time and have painstakingly authored treatises on Science, Engineering, Mathematics, Art and Philosophy covering all the developments from time immemorial until then, in their supreme works. It is standing on such treasure of foundation of knowledge, aided with an iota of personal god-gifted creativity

that the author bases his foray of wild excursions into the understanding of natural phenomenon and forms new premises and scientifically surmises plausible laws. The author strongly reiterates his sense of gratitude and infinite indebtedness to all such 'Philosophical Statesmen' that are evergreen personal librarians of Science, Art, Mathematics and Philosophy.
