

Dr. Farrell and His Version of Truth

sgm, 2018/JUL/29

Please allow me to preface this essay with the following. The information on Dr. Farrell's ideas were gleaned rather quickly from two videos: Ancient War in Heaven Part 1 and Ancient Cosmic War is Still Happening. So please forgive me if I've made some mistakes in your details or 'take on the Truth'. My take on 'the Truth' has happened over 53 years of: 1. being raised Catholic but realizing quite early on that Catholic dogma does NOT equate with 'the Truth', 2. joining the Mennonite faith in my late teens to later realize they as well have a similar disposition toward it, 3. pursuing religious studies at Michigan State did not provide the answers I was looking for, and 4. philosophizing nor study alone could provide those answers either. Years of contemplation, 'prayer', introspection, validation/invalidation, and personal experiences with 'God' and others have led me to the conclusions below.

Before we address those concepts, let's discuss things we agree on: 1. modern religions need opposition to function, keeping humanity divided, 2. Yahweh followers believe in a twisted version of 'the Truth' which makes them no different than a cult, 3. God appears bipolar because we misunderstand God, and 4. there has been war in 'the heavens' immemorial both physical and spiritual.

BUT, once we truly Understand God, everything confusing becomes clear and rational just like the rest. Now, as I imply above, I did NOT receive my 'divine revelations' in the desert or up some smokey mountain. And repeatedly in my video publications, I BEG people not to shoot nor edify me. Additionally, I never ask/imply to create a new religion based on my ideas. All I'm after is the Truth, plain and simple, period.

My current understanding of this is: two identical twins with Completely Different attributes/characteristics which

I'll list out separately. [cough] um twin females. And once you understand them, you understand Everything Else.

Let's leave it at that for now. It always takes people different times to assimilate different truths. If you prefer to dismiss me, that's your prerogative, I'll have to accept that and move on. Whatever the case may be, 'God' bless you and yours – and – to quote Star Trek: "may you find your reality as pleasant".
